Loon Echo Land Trust is sincerely grateful to all who have offered their support to preserve Hacker’s Hill for all time. The late Hacker Hall labored to create the grassy fields and amazing vistas, and thankfully his descendents continued his tradition.

Today, Loon Echo is honored to offer the public the heritage of guaranteed access and enjoyment at Hacker’s Hill. The Hill is a special place that offers peace and delight to those who visit. It hosts events that bring people together to celebrate and offer remembrance.

Enclosed is a list of the 592 contributors to the $800,000 capital campaign to purchase the 27 acres of land and to create a perpetual endowment to care for the Hill. The Hill was purchased in July of 2012 and in December of 2013, the endowment was fulfilled.

Loon Echo also thanks the campaign steering committee members, volunteers who help with maintenance, and all Casco residents and taxpayers who generously supported this project through municipal appropriations.

Loon Echo Land Trust was formed in 1987 to protect land in the northern Sebago Lake region to conserve its natural resources and character for future generations. Loon Echo protects over 5,900 acres of land and maintains over 25 miles of trails for public enjoyment. For more information about Loon Echo or Hacker’s Hill, please visit www.loonecholandtrust.org or call (207) 647-4352.
**Gifts over $50,000**  
Anonymous Foundation
